| Description of item content | I compiled economics content into a SmartBoard lesson to be presented to the students. |
| How this item informs your goals. Significance in your Practicum/Internship experience. | The economics SmartBoard lesson is a vehicle for content, but also includes activities and simulations that accompany some of the other activities. The SmartBoard lesson is the cornerstone of the unit, and having all the content in one place allows for easy review and reference of previous material. It allows me to easily embed videos and other content to enhance students' understanding. |
| Acquisition Challenge Level (considering time, effort, money, etc. on scale of easy = 1 to difficult = 5) | 5 - it was difficult and labor-intensive to develop the SmartBoard lesson, and took a lot of adjustment and tweaking. |
