Description of item content	<p>This pattern sheet accompanies the Greek Vase Project, in which students create a vase that represents a Greek myth or god of their choice. Students are given small terra cotta pots, and draw their myth using a black permanent marker. Their vase must represent a god or retell a Greek myth. Prior to completing the project, the students use this pattern sheet to practice Greek patterns, they look at other Greek vases for inspiration, and they plan their vase using a planning sheet.</p>
How this item informs your goals. Significance in your Practicum/Internship experience.	<p>The vase project allows students to creatively express themselves. Part of my goal was to plan activities that increase creativity that also tie into academic content. The students must use what they've learned about the Greek gods in order to complete the vase project.</p>
